Pontifical Catholic University of Rio Grande do Sul

M.A., Development Economics, 2013.

Fields: Applied Quantitative Method, Development, Rural Economics

Federal University of Sao Joao del-Rei

B.A., Economics, 2008.

Thesis

“Empirical Models of International Economics”

This thesis deals with two problems related to the empirical literature on international trade. In the first study, a solution to the problem of endogeneity (simultaneous relation) present in the estimation of the models of the Theory of Trade Terms is searched. The second article analyzes the effects of international trade on economic growth and capital accumulation for a group of developing countries and, consequently, on welfare.

Dissertation

“Economic Efficiency of Farming in the Mineiros Municipalities, 1996 and 2006, Measured by Stochastic Frontier Analysis (SFA) and Data Envelopment Analysis (DEA)”

This dissertation evaluates economic efficiency level of Minas Gerais’s farmers, at municipalities, in 1996 and 2006. This period is characterized for an increase technology through new equipment and agricultural research, by plant species in connection with physical chemical properties, as well. The methodologies were applied Data Envelopment Analysis – DEA and Stochastic Frontier Analysis – SFA, in 750 municipalities and 842 municipalities, for 1996 and 2006, respectively.

Research

Department of Economics, Federal Universtiy of Paraiba

Period: 2018–2019

Postdoctoral Research Associate

Project: Trade flow and gravity models

Department of Rural Economy, Federal University of Vicosa

Period: 2017–2018

Postdoctoral Research Associate

Project: Trade flow and gravity models

Teaching

Department of Economics, Federal University of Paraiba

Instructor, Economics I, 2020.1

Instructor, Introduction to Economy, 2020.1

Department of Economics, Federal University of Paraiba

Instructor, Introduction to Econometrics, Supplementary Period

Instructor, Introduction to Economics, Supplementary Period

Department of Economics, Federal University of Pelotas

Instructor, Macroeconomics I, 2019.2 – Postgraduate in economics

Instructor, Economic Theory, 2019.2

Instructor, Fundamentals of Finance, 2019.2

Department of Economics, Federal University of Pelotas

Instructor, Introduction to Mathematical Economics, 2019.1

Instructor, Basic Statistical Methods, 2019.1

Instructor, Tourism Economics, 2019.1

Department of Economics, Federal University of Paraiba

Instructor, Microeconomy Analysis III, 2015.1

Instructor, Introduction to Economics I, 2015.1

Instructor, Introduction to Economics, 2015.1

Department of Economics, Federal University of Paraiba

Instructor, Introduction to Economics, 2014.2

Instructor, Economy, 2014.2

Instructor, Financial and Capital Market, 2014.2
